

## Statement from Tanya Watts

“Rebecca Marie Watts, Becky. The day I had Becky was one of the happiest days of my life. I still remember bringing her home to my mum’s with mum and Auntie Lyn where Danny, Becky and myself then spent the week. Danny just wanted to help bathe and feed her and all throughout her childhood he looked out for his little sister. Becky, even from a baby, would light up for the camera, and she lit up all of our lives. Danny would always say she could make good out of a bad situation. Even throughout her own struggles she cared for others, even more than herself. Becky would love to dance as a child and loved her animals. Becky remained a happy caring girl and kept a smile on her face throughout even though she was carrying all of this pain upon her little shoulders. Her grace and beauty and courage astounds me and I am so lucky and proud and honoured to be able to call her my daughter.”
